

X_{CO} across the Perseus molecular cloud

Min-Young Lee (UW-Madison) et al.

1) X_{CO} image on sub-pc (~ 0.4 pc) scales

- 2) Spatial variation of X_{CO}
- 3) Comparison between the observed X_{CO} vs. A_V with the steady-state model by Wolfire et al. (2010)
(cf.) MHD model by Shetty et al. (2011)
